

VENKATA THANEESH REDDY VENNA

9121850293 | thaneeshreddy1222@gmail.com | AP

Career Objective

Aspiring AI & ML engineer with knowledge of Python, Java, SQL, and web technologies. Eager to leverage technical skills, learn from industry professionals, and contribute to innovative projects while building a successful career in software development and artificial intelligence.

Education

Lakireddy Bali Reddy College Of Engineering
CSE (AI & ML) | 05/2028

Dhanekula Institute Of Engineering And Technology
Diploma In Computer Engineering | 05/2025
Percentage=93%

Sri Chaitanya Techno School
SSC | 05/2022
Percentage= 90%

Skills

- **Programming Languages:**Java,Python,C,C++,Java Script
- **Web Technologies:**HTML,CSS,React
- **Database:**SQL
- **Tools:**Git,VS Code
- **Machine Learning:**NumPy,Pandas,Scikit-Learn

Experience

Microlink Informatin Technologies | Vijayawada
Trainee Engineer | 11/2024 - 05/2025

- Completed a 6-month industrial training program in the Software Development Division.
- Designed and developed IoT applications using Embedded Systems and Python.
- Designed PCB circuits and contributed to IoT-based projects.
- Gained hands-on experience in embedded systems, hardware interfacing, and software development.
- Applied problem-solving and analytical skills while working on real-world engineering tasks.

Projects

Sustainable Development Awareness Website
HTML, CSS

- Developed a static website to promote awareness of sustainable development goals.
- Designed responsive web pages and collaborated with team members on UI and content organization.
- Applied HTML and CSS to create a user-friendly informational platform.
